Attn: Arthur Coccodrilli, Chairman

Dear Chairman Coccodrilli,

I am writing in response to oppose the Dog Law Regulations Act 225 recently issued on December 16, 2006. The current regulatory proposals in general are unenforceable and extremely onerous when put into practice.

The proposed regulations call for kennels to be specific in regard to exercise and cleaning records. These would require a substantial increase in manpower and time dedicated to filling out written bureaucratic reports, it would be impossible to verify their accuracy. This change would also divert the small business owner's time away from caring for their animals.

The bureau already requires the name, address, acquisition date, disposition date, type of sale, breed, sex, color, whelping date, and identification number be recorded for each and every dog sold, transferred, adopted, or given away. If the department wishes to enforce the law, they already have all information needed.

Unless the kennel has purchased, sold, or transferred more than 26 dogs in a calendar year to the individual, it is impossible for the kennel to know if the individual is required to have a Pennsylvania kennel license.

Additionally, kennels have been custom built to comply with the Department of Agriculture's Dog Law Enforcement standards that were based on USDA standards. The proposed changes of this section will require the demolition of licensed and inspected kennels and the rebuilding of entirely new dimensioned kennels. The average cost per kennel will be between \$30,000.00 and \$500,000.00 each.

I sincerely urge that this proposal be rescinded and the USDA standard be adopted in Pennsylvania.

Yours Sincerely,

Crist K. King
