Dear Ms. Bender,

As a Pennsylvania breeder, I am strongly opposed to the overly restrictive rules and regulations that are proposed for kennel owners. The enforcement of regulations such as these will effectively serve to shut down or severely curtail the activities of the concerned, caring and law-abiding breeders in Pennsylvania. The extensive number of regulations outlined in this proposal and the limited time allotted prevents the proper consultation and review of these regulations with our kennel veterinarian and other professionals. Therefore, in order to allow for the proper review and consultation of this extensive proposal, I request a ninety-day extension of the comment period.

As a Pennsylvania breeder, my goal and the goal of other law-abiding breeders is to raise the best quality and healthiest puppy possible. This is not the issue. Unfortunately, the issue created by this proposal is my rights as a citizen of this state to own property, and my rights to be afforded due process guaranteed by the provisions of our state's constitution. The vagueness of this proposal causes great concern that my rights as a citizen will be omitted by the bias opinion of those who will hear my side of the story.

As a Pennsylvania breeder, I am concerned that these overly burdensome regulations will have severe unforeseen consequences. These include reduced number of breeders willing to deal with the excessive administrative burden caused by these regulations. The shortages of puppies and resulting higher prices, which will encourage the import of oversea and out of state puppies. The ensuing shortages will provide a lucrative opportunity for those who operate beneath the law to fill these shortages. Those who participate in this black market will find the rewards well worth the risk. Additionally, the economic loss to the state will be in the millions, and will go far beyond the breeder to include pet supply retailers, cities who sponsor shows, and state tax revenue.

As a Pennsylvania breeder, I believe it is unfortunate that this proposal appears to be more about animal activism than about animal welfare. You only have to consider the one section that permits shelters and other similar facilities that provide a "service" to be exempt from these regulations. I immediately question the intent behind those who are pushing the governor on this issue. What sense does it make to remove animals from a substandard facility and place them in another substandard facility? None! Furthermore, this proposal has no incentives or educational programs for the breeders. It is all threats and punishment, which is another indication, that the motives of those supporting this proposal are more interested in eliminating our industry than in improving our industry.

Sincerely,

Paul D Zelsler
