Dear Sir:-

This is about Pa Puppy Mills:-
How can people treat dogs the way they
do? How can a dog that just had pups
nurse their young in such a small
space? She cannot lie down. Why can
they get away with such small cages?
A dog instead of being outside in the
rain should be protected and not
wet. Cool air in summer and heat
in winter. One woman is arrested
several times, pays her fine and goes
right on doing what she did before, and
gets away with it? Why? Would you?
I had dogs for years, and I loved my
dogs.

One woman went to buy a dog. The
dog had a sore foot, foot, the cage
was, well in plain words the metal
was broken and another case where
No 1 and No 2 dropped down on the
dog below, landing on the dog inside
that small cage. This was going on for
years it seems NO ONE CARES?

Please don't let this inhumane treatment
go on!

Thank you

Sincerely
Betty M. Haqq
