Dear Mary O'neer,

I am most upset and harried by the new proposed dog laws concerning kennels in Penna. I am a hobby breeder of fine toy poodles. I own nine including my old jet poodle of 11 years. After these laws being proposed would end my chosen lifestyle and personal happiness. Also, I want you to know I took \$50,000 of my husband's retirement fund to make a warm wonderful "Granny" apartment for my poodle & me in what was once a den & a basement. My floors are all tiled so I covered floors as needed. I installed a galley kitchen so I can cook their meals - I also feed Escamubs along with their daily meals. Vet bills are paid for & I have a fine vet that cares for my beloved poodles. I have made 11 Champion to date. I do poodle training such as Obedience for the eyes on all my dogs. I groom them myself. My dogs have a wonderful life and I feel I am being threatened by these so called new dog laws. I believe the old laws are fine but need to be enforced. The kennel ^{#0308} license I have was initiated by me - I invited the local dog warden to visit me many years ago. Now I am wondering if I erred. These laws proposed would only hurt people like myself.

P.S.

I also belong to 3 poodle clubs
where I work to encourage
poodle testing and research on
dogs for the money ailments
such as PRA - CUSHINGS set.
LITTLE FUZZY

I give my money my time
for poodle research. The
state of Pa. is betraying
