Dear Arthur Coccodrilli, Chairman,

I am writing to support the changes that need to be added to the updated kennel regulations

No animal nor child must suffer at the hands of humans. For they have no voice or choice.

By enforcing the following requirements we can band together + proclaim "zero" tolerance to abuse for these babies + their mothers.

- doubling the minimum cage size
- requiring daily exercise outside of the cages
- required heat w/ temperatures  $\leq 56^{\circ} F$
- required cooling (by air conditioning) w/ temperatures  $\geq 85^{\circ} F$
- increase ventilation in kennel areas
- denying kennel licenses to anyone convicted of animal cruelty within the past 10 years w/out a psychological test
- Exemption for shelters from kennel expansion + exercise requirements
- Foster homes have separate performance standards appropriate for home care settings

Thank you! Wendy M. Church
