INDEPENDENT LABORATORY
REVIEW COMMISSION

Dear Ms Bender,

Please reconsider the new proposed rules regarding dog breeders and kennels. Having read the proposals I feel they are too restrictive and difficult for small breeders to comply with.

I agree that it would be wonderful to shut down "puppy mills" in Pennsylvania. But I feel these proposed laws would punish legitimate dog breeders.

Please keep the current laws and enforce those existing laws. This would help shut down any current puppy mills.

I am not a breeder but have purchased all my dogs from small kennel breeders and wouldn't want to see those kennels disappear in the future.

sincerely,

Theresa Crowley
