Dear Mr. Goodell:

Pennington is known as the "Puppy Mill Capital of the East,"
Don't that or suspicious title; one we can be proud of. We need to clean
up the usual puppy mills that butchering dogs & technical and state's image.
Changes have been suggested to improve the outdated kennel regulations
used to inspect commercial breeding operations. Of these proposals
one proposed, dogs in the puppy mills will be provided with more
space, will have better protection from the elements and will have time
outside their cages for exercise. Above all do the right thing for
these animals. They can't speak for themselves.

Thank you,
Alycia & Tom, Esq.
