INDEPENDENT REGULATORY
REVIEW COMMISSION

Dear Mary Bender
and to all concerned
people.

I very recently read
about the possible passing
a new kennel regulations law
as well as breeding and selling
puppies and dogs in Pennsylvania

I am horrified and Tremendously
concerned for all the Good
Dog lovers and concerned
that my life long love of
Dogs, Training them for field

Trials as well as having
them as house dogs will
have our lives threatened
by such outlandish rules
and suggestions. The people
thinking up such rules and
regulations must not know
dogs and dog care which by
many is the very best.

The rules and regulations
that have been proposed
should only inflict on commercial

kennebs — meaning puppy mills
I know The Puppy Mills are
a large part of all of this

but please do not
punish the rest of
us for such Thoughtless
cruel Breeders and try to

work out a way to control
these Mills and try ~~not~~ to

work out a way to control
these Mills and not punish

the rest of us because of
such thoughtless people with

Puppy Mills - They are cruel.

Try to work out a way

to control these Mills and
let the Good Breeders and
Dog owners of our wonderful
Dogs to keep up our Good
work. This is a free country
and I ~~IP~~ I am very saddened
that such inconceivable laws
could be passed, it is
because my life-long passion
for Dogs and kennel care
may be compromised or taken
away. I personally will be heartbroken

Sincerely from a very
concerned and responsible
Dog owner and kennel ~~owner~~
