REVIEW COMMISSION

Dear Mr. Coccodrilli,
This letter is to urge your support of changes in the current regulations for kennels, particularly those involved in breeding operations in Pa. These changes would result in more humane conditions for these dogs. Some of these requirements include:

- 1) doubling the minimum cage size
- 2) mandatory daily exercise OUTSIDE the cages
- 3) heat when temperatures drop below 50° F
- 4) cooling when the temperatures rise above 85° F
- 5) improving ventilation
- 6) denial of kennel license to ANYONE ever convicted of animal cruelty

Thank you for your consideration and concern for these vital and necessary changes.

On behalf of these dogs who need our help,

Suzanne E. Spangler
