● **Comments:**

I am writing in support of the suggested changes to improve the outdated kennel regulations.

I've been told that if the proposed regulations are approved, dogs in Pennsylvania puppy mills will be provided with more space, will have better protection from the elements and will have time outside of their cages for exercise.

I have personally volunteered at my local animal shelter and I believe that these changes are absolutely necessary. I definitely support the new, more humane regulations.

Sincerely,

Candice A. Dolgash
