

Dear Sir,

RECEIVED

Please support the changes to regulations to improve the living conditions of dogs who currently suffer in puppy mills.

- Please change regulations for the following
- double the size of cages
 - daily exercise outside of the cage
 - Climate control heat below 50°
 - air conditioning when over 85°.
 - improved ventilation in kennel areas
 - denying kennel licenses to those convicted of animal cruelty within the past 10 years.

However provide exemptions for shelters from kennel expansion + exercise requirements + foster homes exempt from kennel housing requirements + instead have separate performance standards appropriate for home care settings.

Let's clean up our reputation of the Puppy Mill Capital of the East.
