INDEPENDENT REGULATORY
REVIEW COMMISSION

Dear Chairman Coccodrilli,

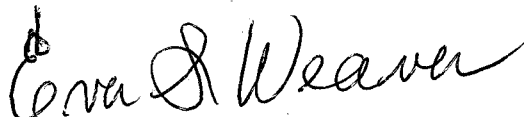

As a Pennsylvania breeder, I am strongly opposed to the overly restrictive rules and regulations that are proposed for kennel owners. The enforcement of regulations such as these will effectively serve to shut down or severely curtail the activities of the concerned, caring and law-abiding breeders in Pennsylvania. The extensive number of regulations outlined in this proposal and the limited time allotted prevents the proper consultation and review of these regulations with our kennel veterinarian and other professionals. Therefore, in order to allow for the proper review and consultation of this extensive proposal, I request a ninety-day extension of the comment period.

As a Pennsylvania breeder, my goal and the goal of other law-abiding breeders is to raise the best quality and healthiest puppy possible. This is not the issue. Unfortunately, the issue created by this proposal is my rights as a citizen of this state to own property, and my rights to be afforded due process guaranteed by the provisions of our state's constitution. The vagueness of this proposal causes great concern that my rights as a citizen will be omitted by the bias opinion of those who will hear my side of the story.

As a Pennsylvania breeder, I am concerned that these overly burdensome regulations will have severe unforeseen consequences. These include reduced number of breeders willing to deal with the excessive administrative burden caused by these regulations. The shortages of puppies and resulting higher prices, which will encourage the import of oversea and out of state puppies. The ensuing shortages will provide a lucrative opportunity for those who operate beneath the law to fill these shortages. Those who participate in this black market will find the rewards well worth the risk. Additionally, the economic loss to the state will be in the millions, and will go far beyond the breeder to include pet supply retailers, cities who sponsor shows, and state tax revenue.

As a Pennsylvania breeder, I believe it is unfortunate that this proposal appears to be more about animal activism than about animal welfare. You only have to consider the one section that permits shelters and other similar facilities that provide a "service" to be exempt from these regulations. I immediately question the intent behind those who are pushing the governor on this issue. What sense does it make to remove animals from a substandard facility and place them in another substandard facility? None! Furthermore, this proposal has no incentives or educational programs for the breeders. It is all threats and punishment, which is another indication, that the motives of those supporting this proposal are more interested in eliminating our industry than in improving our industry.

Sincerely,

2559

RECEIVED

Re: Public Comments - New
"Puppy Mill" regulations

Dear Ms. Bender:

Please add my voice to those in Pennsylvania and throughout the United States who support the new regulations which will improve the conditions of the poor dogs and puppies who live in horrible conditions in Pennsylvania's "puppy mills." These operators have no conscience or feeling for the suffering they cause to the sweet little puppies and dogs in their care. These operators make their living off the suffering of innocents.

We need stronger laws, in fact, and certainly more enforcement officers who will make certain that Pennsylvania's current and new laws and regulations are complied with. In fact, I wish puppy mills would be outlawed altogether.

I also support the Humane Society of the United States' submitted comments on the proposed new regulations. Thank you.

Diane Perkolup, Esquire

January 19, 2007

Dear Ms. Bender,

I am writing in response to the proposed amendments to the Dog Law Act 225 which was issued on December 16, 2006.

The current proposed regulation changes have appeared to be burdensome and beyond rulemaking. The proposals add completely new categories and definition to the existing laws. These changes must be addressed through the legislative process.

The proposals referencing housing and social interaction of dogs of different sizes are contrary to good husbandry, socializing and training practices. Furthermore, there is no scientific or accepted husbandry basis for the amended space and exercise requirements.

In addition, the proposed regulations call for the temperature of the kennel floor to be 50 F° in the warm weather. Many kennels are air conditioned to a comfortable 70 F°. A dog sleeping on a 50 F° floor can develop hypothermia and become ill or die. For temperature, fighting, cleaning, exercise, housing, and veterinary care, the attending veterinarian should set forth and approve procedures specific for the kennel buildings and breeds of dogs.

The proposed changes above will require Pennsylvania's licensed and inspected kennels to be demolished and rebuilt. The average cost will be between \$30,000.00 and \$500,000.00 per kennel, if the proposed laws are adopted.

The current proposed appears to be over idealistic in term of improving the welfare of dogs. I urge that this proposal be rescinded and an approach similar to the USDA standards be developed.

Yours sincerely,

Samuel Fisher

January 19, 2007

Dear Ms. Bender,

I am writing to comment on the proposed amendments to the Dog Law Regulations Act 225 issued on December 16, 2006. I personally think that many of the changes are impractical and burdensome, and will not improve the quality of life for dogs in kennels.

The proposed regulations will require a substantial increase in manpower with many hours dedicated to filling out bureaucratic reports or recordkeeping which the department already has.

Kennels have been custom built to comply with Pennsylvania Department of Agriculture's Dog Law Enforcement standards that were based on USDA Standards. The proposed changes of this section will require the demolition of Pennsylvania's licensed and inspected kennels and the rebuilding of entirely new dimensioned kennels. There is no scientific basis for the change; the average cost per kennel will be between \$30,000.00 and \$500,000.00 each.

The current proposed appears to be over idealistic in term of improving the welfare of dogs. I urge that this proposal be rescinded and an approach similar to the USDA standards be developed.

Yours truly,

January 23, 2007

Dear Ms. Bender,

As a kennel owner for a good number of years, I appreciate the fact that the bureau has helped to improve the dog laws. With regard to the proposed dog law changes Act 225 issued on December 16, 2006, I have a few serious concerns.

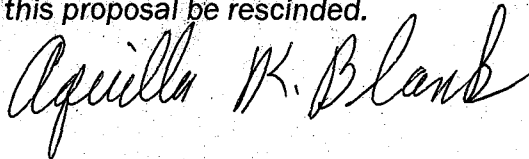

The proposed changes would require the kennel owner to record every time a water bowl or food pan is washed, every time the primary and secondary pen enclosures are cleaned, the feeding and watering dates and times, etc. These excessive and burdensome requirements will require a substantial increase in manpower with many hours dedicated to filling out written bureaucratic reports and divert the small business owner's time away from caring for their animals.

Kennels have been custom built to comply with the Department of Agriculture's Dog Law Enforcement standards that were based on USDA standards. The proposed changes of this section will require the demolition of licensed and inspected kennels and the rebuilding of entirely new dimensioned kennels. The average cost per kennel will be between \$30,000.00 and \$500,000.00 each.

The proposed changes make no sense for all kennel owners' dogs to be seized by the Dog Law Bureau based on the Governor's proposed new requirements for pen sized or quarantine regulations. Dog Law places the same dog into a humane society not required to have the proposed new standards. It is vital to have fair and uniform kennel requirements. In addition, small business owners are affected greatly and their due process rights in court are limited if the proposed changes adopted.

I sincerely urge that this proposal be rescinded.

Yours Sincerely,

January 31, 2007

Dear Ms. Bender,

I am writing in response to oppose the Dog Law Regulations Act 225 recently issued on December 16, 2006. The current regulatory proposals in general are unenforceable and extremely onerous when put into practice.

The proposed regulations call for kennels to be specific in regard to exercise and cleaning records. These would require a substantial increase in manpower and time dedicated to filling out written bureaucratic reports, and it would be impossible to verify their accuracy. This change would also divert the small business owner's time away from caring for their animals.

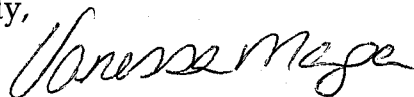

The bureau already requires the name, address, acquisition date, disposition date, type of sale, breed, sex, color, whelping date, and identification number be recorded for each and every dog sold, transferred, adopted, or given away. If the department wishes to enforce the law, they already have all information needed.

Unless the kennel has purchased, sold, or transferred more than 26 dogs in a calendar year to the individual, it is impossible for the kennel to know if the individual is required to have a Pennsylvania kennel license.

Additionally, kennels have been custom built to comply with the Department of Agriculture's Dog Law Enforcement standards that were based on USDA standards. The proposed changes of this section will require the demolition of licensed and inspected kennels and the rebuilding of entirely new dimensioned kennels. The average cost per kennel will be between \$30,000.00 and \$500,000.00 each.

I sincerely urge that this proposal be rescinded and the USDA standard be adopted in Pennsylvania.

Dear Ms. Bender:

I am a dog groomer, responsible hobby dog breeder, President of the Pocono Mountain Kennel Club, educator of responsible dog ownership to young children and anyone else that I can reach, and very involved in many aspects of the "dog world". With my devotion and unconditional love for not only my dogs but the well being of all I am writing to comment on the proposed amendments to the Pennsylvania dog law regulations issued on December 16, 2006. I believe that inhumane and substandard kennel conditions should not be tolerated, but I do not agree that most of the proposed regulatory changes are needed, or would necessarily have a beneficial outcome if adopted. Many are impractical, excessively burdensome and costly, unenforceable, and/or will not improve the quality of life for the dogs in these kennels.

* The definition of "temporary housing" would require thousands of small residential hobby and show breeding households to become licensed which could not possibly comply with the regulations, and which there is no reason to regulate.

* The obligations of owners of "temporary housing" which are made subject to inspection by the proposal are not enumerated or limited.

* There is no scientific or accepted husbandry basis for the amended space and exercise requirements.

* The regulations will require wholesale renovation, if not rebuilding, of many kennels already built in compliance with current federal and/or state standards. There is no scientific foundation for the arbitrary, rigid engineering standards specified.

* Smaller breeders and dog owners who maintain their dogs in their own residential premises but are covered by the Pennsylvania dog law, who provide care and conditions far superior to those required by the proposed new standards, would be unable to comply with the rigid commercial kennel standards.

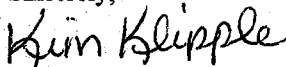

* The record keeping requirements with respect to exercise, cleaning, and other aspects of kennel management are excessively burdensome and serve no useful purpose, as it would be impossible to verify their accuracy in all but the most egregious circumstances. Such egregious circumstances already violate existing regulations.

* The proposals pertaining to housing and social interaction of dogs of different sizes are contrary to good husbandry, socialization and training practices.

The above is far from a complete list of the deficiencies with the proposed regulations. I also associate myself with the more detailed comments on this proposal by the Pennsylvania Federation of Dog Clubs.

The Bureau has tacitly conceded that its current regulations have not been adequately enforced. If, after implementing its recently announced enhanced enforcement program, the Bureau finds it is still unable to prevent inhumane treatment of dogs because of specific deficiencies in the existing regulations, it should cite these specific deficiencies and propose changes based on them. The current proposal appears to be merely a laundry list of ideas for improving the environment for dogs that has no connection to specific instances in which the welfare of dogs could not be secured and no basis in science or accepted canine husbandry practices. I urge that this proposal be withdrawn.

Sincerely,

Dear Ms. Bender:

My name is Lee Horne and my address is P. O. Box 368, Mt. Bethel, PA 18013. I work part-time at a veterinary hospital and through my employment there, have come to know some small private breeders in my area. Knowing these people and their dogs on a professional level and for quite some time-in some cases for about 15 years, I feel compelled to comment on the proposed amendments to the Pennsylvania dog law regulations that were issued on December 16, 2006.

I believe that all dogs should be kept in humane kennel conditions and that we shouldn't tolerate those who keep dogs in over crowded conditions, without proper exercise and attention. But I do not agree that the proposed changes will accomplish that.

The definition of "temporary housing" would directly impact many small private breeders and residential show breeders. It would be virtually impossible for them to comply with the proposed regulations.

We do have existing standards and there are no provisions for grandfathering those who are compliant with current regulations. Instead these people would be forced to renovate to meet the proposed standards, many at an expense that they could not afford.

Since it is already a problem enforcing current regulations, I think that issue should be addressed before adding more work to a situation that has existing problems.

Thank you for your time and consideration of my concerns.

Sincerely,

Lee Horne

Dear Ms. Bender,

I am writing in response to the Dog Law Act 225 that was issued on December 16, 2006, of which I have several disagreements. The regulatory proposals in general are very difficult and costly to enforce, extremely onerous, and not feasible when put in to practice.

The new proposal only permits a licensed kennel to buy from another licensed kennel. This is fraud for the following reasons:

1. Unless the kennel has purchased, sold, or transferred more than 26 dogs in a calendar year to the individual, it is impossible for the kennel to know if the individual is required to have a Pennsylvania kennel license.
2. It is unlawful for the department to regulate and inspect kennels outside of Pennsylvania.
3. The Pennsylvania Department of Agriculture Dog Law Enforcement Bureau already requires the name, address, acquisition date, disposition date, type of sale, breed, sex, color, whelping date, and identification number be recorded for each and every dog sold, transferred, adopted, or given away. If the Department wishes to enforce the law, they already have all information needed.

The proposals referencing to housing and social interaction of dogs of different sizes are contrary to good husbandry, socializing and training practices. Moreover, there is no scientific or accepted husbandry basis for the amended space and exercise requirements.

The current proposal claims to be a general list of ideas to improve the breeding environment for dogs, which are neither substantiated by science nor attributed as accepted canine husbandry practices. A better idea would be for Pennsylvania to adopt USDA type standards. I sincerely request that this proposal be withdrawn.

Yours Sincerely,

Dear Ms Bender:

I am writing to you because I am concerned with the proposed amendments to the Pennsylvania Dog Law Regulations issued on December 16, 2006. I believe that proper regulation of kennels is necessary but I question the extent to which these laws go.

As a pet owner who uses boarding kennels I question the effects of this law on the current boarding kennels. How many kennels currently in business meet the requirements as listed? Would these new laws force the closure of smaller boarding facilities and a dramatic increase in the price of boarding my pets as other facilities spend a lot of money to meet the new building specifications? Would it also make it more difficult to find a boarding kennel if these new regulations force existing kennels to close?

Section 21.23 imposes extreme requirements as to space, exercising and record keeping..

The intense record keeping required here and in other parts of the act make it almost a full time job keeping up the paperwork. Wouldn't these requirements increase the need for personnel at a boarding facility, thereby increasing my costs? Is it really necessary to keep detailed accounts of every time a water dish is changed? Surely better use can be made of kennel personnel's time.

Section 21.23 also says that dogs of different size can not be exercised together. Currently if I have two dogs who live together they can be placed in the same run when boarded, if these two dogs are of different sizes this will no longer be possible. This will increase my expense as discounts are usually given if two dogs are boarded in the same run. If my dogs live together in my home why shouldn't they be allowed to be together when boarded? I would prefer they have the security of being together when separated from me.

Under the proposed regulations pets who are boarded but of different size would not even be able to play together at the Kennel. Animals that live together in my home all the time and are comfortable together should be able to interact together if it is necessary to board them.

Section 21.28 says food receptacles cannot be made of materials that a dog can destroy. This precludes a kennel from using disposable paper containers to feed dogs. What could be more sanitary than containers which are not reused? The time spent cleaning metal food dishes is time staff can't use doing other things. The kennel where I now board uses paper for feeding boarders. I am very pleased with this.

I ask that these recommendations not be accepted and that the board seek the opinions of those who are actively involved in breeding and caring for dogs. How many people from such backgrounds were involved in the creation of these changes?

I urge the withdrawal of the current proposal and an open dialogue with the groups in the state that are actively involved in the breeding and care of dogs prior to any new proposals being introduced.

Sincerely,

Karen Gleich

Wouldn't these requirements increase the need for personnel at a boarding facility, thereby increasing my costs? Is it really necessary to keep detailed accounts of every time a water dish is changed? Surely better use can be made of kennel personnel's time.

Section 21.23 also says that dogs of different size can not be exercised together. Currently if I have two dogs who live together they can be placed in the same run when boarded, if these two dogs are of different sizes this will no longer be possible. This will increase my expense as discounts are usually given if two dogs are boarded in the same run. If my dogs live together in my home why shouldn't they be allowed to be together when boarded? I would prefer they have the security of being together when separated from me.

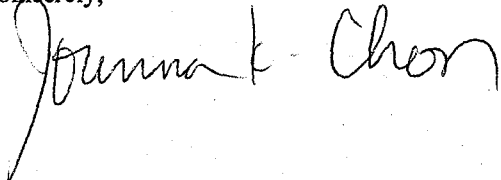

Under the proposed regulations pets who are boarded but of different size would not even be able to play together at the Kennel. Animals that live together in my home all the time and are comfortable together should be able to interact together if it is necessary to board them.

Section 21.28 says food receptacles cannot be made of materials that a dog can destroy. This precludes a kennel from using disposable paper containers to feed dogs. What could be more sanitary than containers which are not reused? The time spent cleaning metal food dishes is time staff can't use doing other things. The kennel where I now board uses paper for feeding boarders. I am very pleased with this.

I ask that these recommendations not be accepted and that the board seek the opinions of those who are actively involved in breeding and caring for dogs. How many people from such backgrounds were involved in the creation of these changes?

I urge the withdrawal of the current proposal and an open dialogue with the groups in the state that are actively involved in the breeding and care of dogs prior to any new proposals being introduced.

Sincerely,

LEON N. ZIMMERMAN

BUREAU OF DOG LAW ENFORCEMENT
PENNSYLVANIA DEPARTMENT OF AGRICULTURE
ATTN: MS. MARY BENDER
2301 NORTH CAMERON STREET
HARRISBURG, PA 17110-9408

DEAR MS. BENDER,

I AM WRITING IN RESPONSE TO THE PROPOSED AMENDMENTS TO THE DOG LAW ACT 225 WHICH WAS ISSUED ON DECEMBER 16, 2006.

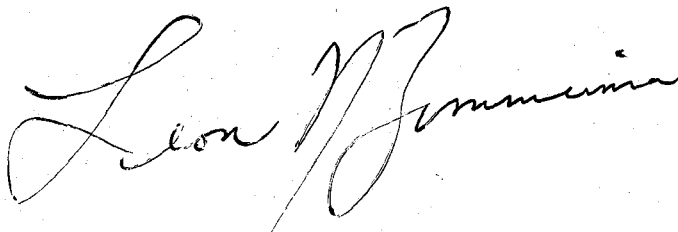

WITH A FULL UNDERSTANDING THAT THE BUREAU IS TRYING TO IMPROVE SUBSTANDARD KENNEL CONDITIONS, I AM NOT IN AGREEMENT THAT MOST OF THE CHANGES ARE NECESSARY.

THE PROPOSED RECORD KEEPING WOULD REQUIRE ME TO WRITE DOWN THE DATE AND TIME I WASHED EACH FOOD AND WATER BOWL, EVERY TIME A PEN IS CLEANED; EACH INDIVIDUAL OUTSIDE RUN IS CLEANED, ETC. IT WOULD BE BETTER FOR ME TO HAVE MY GENERAL DAILY PROCEDURES THAT I ROUTINELY FOLLOW, IN WRITING. THIS IS SIMILAR TO HOW THE USDA REGULATIONS ARE WORDED.

THE PROPOSED CHANGES WOULD ALSO REQUIRE THE DEMOLITION OF PENNSYLVANIA'S LICENSED AND INSPECTED KENNELS. YET, THERE IS NO SCIENTIFIC BASIS FOR THE CHANGE. IN ADDITION, THE AVERAGE COST TO REBUILD KENNEL WILL BE BETWEEN \$30,000.00 AND \$500,000.00 EACH.

I SINCERELY URGE THAT THIS PROPOSAL BE WITHDRAWN, AS THE BENEFICIAL OUTCOME WILL BE IN QUESTION IF THE PROPOSAL IS ADOPTED.

YOURS TRULY,

A handwritten signature in cursive script that reads "Leon Zimmerman". The signature is written in dark ink and is positioned below the typed name "Leon Zimmerman".

Harrisburg, PA 17110-9408

Dear Ms. Bender,

As a Pennsylvania breeder, I am strongly opposed to the overly restrictive rules and regulations that are proposed for kennel owners. The enforcement of regulations such as these will effectively serve to shut down or severely curtail the activities of the concerned, caring and law-abiding breeders in Pennsylvania. The extensive number of regulations outlined in this proposal and the limited time allotted prevents the proper consultation and review of these regulations with our kennel veterinarian and other professionals. Therefore, in order to allow for the proper review and consultation of this extensive proposal, I request a ninety-day extension of the comment period.

As a Pennsylvania breeder, my goal and the goal of other law-abiding breeders is to raise the best quality and healthiest puppy possible. This is not the issue. Unfortunately, the issue created by this proposal is my rights as a citizen of this state to own property, and my rights to be afforded due process guaranteed by the provisions of our state's constitution. The vagueness of this proposal causes great concern that my rights as a citizen will be omitted by the bias opinion of those who will hear my side of the story.

As a Pennsylvania breeder, I am concerned that these overly burdensome regulations will have severe unforeseen consequences. These include reduced number of breeders willing to deal with the excessive administrative burden caused by these regulations. The shortages of puppies and resulting higher prices, which will encourage the import of oversea and out of state puppies. The ensuing shortages will provide a lucrative opportunity for those who operate beneath the law to fill these shortages. Those who participate in this black market will find the rewards well worth the risk. Additionally, the economic loss to the state will be in the millions, and will go far beyond the breeder to include pet supply retailers, cities who sponsor shows, and state tax revenue.

As a Pennsylvania breeder, I believe it is unfortunate that this proposal appears to be more about animal activism than about animal welfare. You only have to consider the one section that permits shelters and other similar facilities that provide a "service" to be exempt from these regulations. I immediately question the intent behind those who are pushing the governor on this issue. What sense does it make to remove animals from a substandard facility and place them in another substandard facility? None! Furthermore, this proposal has no incentives or educational programs for the breeders. It is all threats and punishment, which is another indication, that the motives of those supporting this proposal are more interested in eliminating our industry than in improving our industry.

Sincerely,

Laurel Scott

Harrisburg, PA 17110-9408

Dear Ms. Bender,

I am writing in response to the proposed amendments to the Dog Law Act 225 which was issued on December 16, 2006.

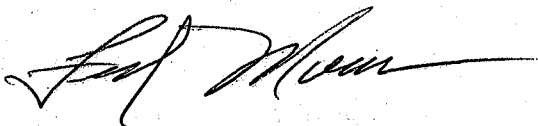

With a full understanding that the bureau is trying to improve substandard kennel conditions, I am not in agreement that most of the changes are necessary.

The proposed record keeping would require me to write down the date and time I washed each food and water bowl, every time a pen is cleaned; each individual outside run is cleaned, etc. It would be better for me to have my general daily procedures that I routinely follow, in writing. This is similar to how the USDA regulations are worded.

The proposed changes would also require the demolition of Pennsylvania's licensed and inspected kennels. Yet, there is no scientific basis for the change. In addition, the average cost to rebuild kennel will be between \$30,000.00 and \$500,000.00 each.

I sincerely urge that this proposal be withdrawn, as the beneficial outcome will be in question if the proposal is adopted.

Yours truly,

Re: Doc # 06-2452. Proposed Changes to the Dog Law

Dear Ms. Bender,

I have recently been made aware of the newly proposed Pa Dog law regulations. Yes, inhumane and substandard care and housing should definitely not be tolerated but not at the expense of responsible breeders.

Puppy Mills - No
Breeders - Yes!

Under the proposed changes as I read them, small scale breeders will fall into the same set of requirements as the large commercial operations. Licensed breeders with a K1 license would no longer be able to maintain, breed, whelp and raise their dogs within their homes-but this is exactly the setting from which I want to be able to buy a puppy or dog! I want a dog that was raised in a home from breeders who are careful about the health of their dogs, their temperaments and bred dogs that look like the breed they are supposed to be! These breeders would have to either stop raising dogs or build facilities to meet the commercial breeders' standards which are not the way I want a puppy I'd buy raised. The proposed regulations favor the large scale operations that will have the budget to build these "sterile" kennel facilities and hire staff to maintain the outlined record keeping requirements. Why we don't even require 20 minutes of daily mandated physical exercise for our children in schools but for dogs we do!

I want to be able to buy a dog directly from a reputable breeder, not a pet shop or large scale commercial kennel. I want to know that my puppy was raised in a loving home and exposed to a variety of household situations. I want to be able to buy a dog bred with thought to health, temperament, given lots of human contact and exposed to everyday sights and sounds. I want to be able to buy a dog that was allowed to romp in the grass and was played with by children and around other dogs. This proposal goes against the very pack nature of dogs and their need to socialize with other dogs and humans.

This effort to improve living conditions for dogs and puppies in large commercial operations/puppy mills is laudable. It is a great disservice though to Pa dog lovers and the buying public to place reputable small scale breeders under the same regulations as these large operations that most of us object to anyway. I oppose these amendments and urge that this proposal be withdrawn. Let's put some common sense thought into the dog law and target the real culprit-large scale multiple breed puppy farms. Why not simply try really enforcing the current dog laws before wasting taxpayer money on regulations that require unenforceable record keeping & exercise standards and will hurt the very type of breeder that should be praised for the manner in which they raise their animals.

Sincerely,

Samuel Anderson

Harrisburg, PA 17110-9408

Dear Ms. Bender:

I am writing to voice my support for the proposed changes in Pennsylvania's outdated kennel regulations currently used to inspect commercial breeding operations in the State. These changes include:

- Doubling the minimum cage size
- Requiring daily exercise outside of the cage
- Requiring heat when the temperature drops below 50 degrees
- Requiring cooling (by fan or air conditioning) when the temperature rises above 85 degrees
- Improving ventilation in kennel areas
- Denying kennel licenses to individuals convicted of animal cruelty within the past 10 years.

I also support the following exemptions from the proposed changes in the regulations:

- Exemption for animal shelters from the kennel expansion and exercise requirements.
- Exemption for foster homes from the kennel housing requirements and instead have separate performance standards appropriate for home care settings.

These proposed changes would improve the living conditions of dogs who currently suffer in puppy mills across the State, as well as help Pennsylvania shed the negative reputation of 'the puppy mill capital of the East.' Please do what you can to ensure that these changes are approved and put into effect as soon as possible.

Thank you for your consideration in this matter.

Sincerely,

Linda M. Kilgore

Re: Doc # 06-2452. Proposed Changes to the Dog Law

Dear Ms. Bender,

I have recently been made aware of the newly proposed Pa Dog law regulations. Yes, inhumane and substandard care and housing should definitely not be tolerated but not at the expense of responsible breeders.

I bought my dog from a breeder of Weimaraners, he is the most well-behaved sweet dog. We met the parents before puppies were born and saw the premises. The dog is 7 yrs old now and a great addition to our family.

Under the proposed changes as I read them, small scale breeders will fall into the same set of requirements as the large commercial operations. Licensed breeders with a K1 license would no longer be able to maintain, breed, whelp and raise their dogs within their homes-but this is exactly the setting from which I want to be able to buy a puppy or dog! I want a dog that was raised in a home from breeders who are careful about the health of their dogs, their temperaments and bred dogs that look like the breed they are supposed to be! These breeders would have to either stop raising dogs or build facilities to meet the commercial breeders' standards which are not the way I want a puppy I'd buy raised. The proposed regulations favor the large scale operations that will have the budget to build these "sterile" kennel facilities and hire staff to maintain the outlined record keeping requirements. Why we don't even require 20 minutes of daily mandated physical exercise for our children in schools but for dogs we do!

I want to be able to buy a dog directly from a reputable breeder, not a pet shop or large scale commercial kennel. I want to know that my puppy was raised in a loving home and exposed to a variety of household situations. I want to be able to buy a dog bred with thought to health, temperament, given lots of human contact and exposed to everyday sights and sounds. I want to be able to buy a dog that was allowed to romp in the grass and was played with by children and around other dogs. This proposal goes against the very pack nature of dogs and their need to socialize with other dogs and humans.

This effort to improve living conditions for dogs and puppies in large commercial operations/puppy mills is laudable. It is a great disservice though to Pa dog lovers and the buying public to place reputable small scale breeders under the same regulations as these large operations that most of us object to anyway. I oppose these amendments and urge that this proposal be withdrawn. Let's put some common sense thought into the dog law and target the real culprit-large scale multiple breed puppy farms. Why not simply try really enforcing the current dog laws before wasting taxpayer money on regulations that require unenforceable record keeping & exercise standards and will hurt the very type of breeder that should be praised for the manner in which they raise their animals.

Sincerely,

Re: Doc # 06-2452 Proposed Changes to the Dog Law

Dear Ms. Bender,

I have recently been made aware of the newly proposed Pa Dog law regulations. Yes, inhumane and substandard care and housing should definitely not be tolerated but not at the expense of responsible breeders. *In the past 14 years, I have purchased four dogs from responsible small scale breeders. I compete with my dogs in obedience and agility events as well as take them on vacations all over the country. They are a major part of our family. I strongly believe the way in which a pup is raised in his first 8 weeks of life is critical in forming his personality and mental well being. Only a responsible small scale breeder in a loving, caring home can provide these essentials.*

Under the proposed changes as I read them, small scale breeders will fall into the same set of requirements as the large commercial operations. Licensed breeders with a K1 license would no longer to be able to maintain, breed, whelp and raise their dogs within their homes-but this is exactly the setting from which I want to be able to buy a puppy or dog! I want a dog that was raised in a home from breeders who are careful about the health of their dogs, their temperaments and bred dogs that look like the breed they are supposed to be! These breeders would have to either stop raising dogs or build facilities to meet the commercial breeders' standards which are not the way I want a puppy I'd buy raised. The proposed regulations favor the large scale operations that will have the budget to build these "sterile" kennel facilities and hire staff to maintain the outlined record keeping requirements. Why we don't even require 20 minutes of daily mandated physical exercise for our children in schools but for dogs we do!

Re: Doc # 06-2452 Proposed Changes to the Dog Law

Dear Ms. Bender,

I have recently been made aware of the newly proposed Pa Dog law regulations. Yes, inhumane and substandard care and housing should definitely not be tolerated but not at the expense of responsible breeders.

My dog is my companion & I compete in dog events - conformation - obedience - agility - My dog came from a reputable small breeder & as a puppy was raised in a home environment - socialized with other older dogs & run/play in grass. That is one of my requirements when looking for a pure-bred dog.

Under the proposed changes as I read them, small scale breeders will fall into the same set of requirements as the large commercial operations. Licensed breeders with a K1 license would no longer be able to maintain, breed, whelp and raise their dogs within their homes-but this is exactly the setting from which I want to be able to buy a puppy or dog! Re: Doc # 06-2452 Proposed Changes to the Dog Law

Dear Ms. Bender,

I have recently been made aware of the newly proposed Pa Dog law regulations. Yes, inhumane and substandard care and housing should definitely not be tolerated but not at the expense of responsible breeders.

Some of these regulations are ridiculous.
Deal with puppy mills but don't penalize
home breeders!

Under the proposed changes as I read them, small scale breeders will fall into the same set of requirements as the large commercial operations. Licensed breeders with a K1 license would no longer be able to maintain, breed, whelp and raise their dogs within their homes-but this is exactly the setting from which I want to be able to buy a puppy or dog! Re: Doc # 06-2452 Proposed Changes to the Dog Law

Dear Ms. Bender,

I have recently been made aware of the newly proposed Pa Dog law regulations. Yes, inhumane and substandard care and housing should definitely not be tolerated but not at the expense of responsible breeders. My dog is a well behaved & much loved companion & member of my family. She was purchased from a small PA breeder who had many years of experience in breeding healthy, well socialized, mentally stable puppies. I would definitely purchase another puppy from this kennel.

Under the proposed changes as I read them, small scale breeders will fall into the same set of requirements as the large commercial operations. Licensed breeders with a K1 license would no longer be able to maintain, breed, whelp and raise their dogs within their homes-but this is exactly the setting from which I want to be able to buy a puppy or dog! I want a dog that was raised in a home from breeders who are careful about the health of their dogs, their temperaments and bred dogs that look like the breed they are supposed to be!
