Sen. Jane Orie

Dear Ms. Bender:

I would like to comment on the proposed puppy mill regulations. I agree that:

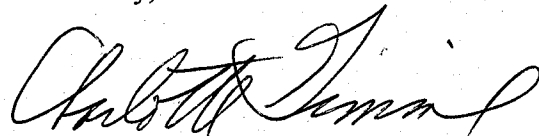

Dogs and pups need more space

Better protection from the elements

Time outside for exercise

From what I have read, I agree with almost everything else in the proposed regs. Thank you very much for doing this. The plight of puppy mill animals and others kept in close confinement have been a serious concern of mine for my whole career, of 25 year.

Sincerely,

Charlotte L. Grimme
