I am writing you to express my feelings about Pennsylvania's puppy mills. I would hope you would do your best to diminish these horrible conditions. I do not know how this could be allowed to continue to happen. In my & many other people's opinion this should haunt the people doing it & the people who have the power to stop it. We are humans and are supposed to be caring & intelligent. Still puppy mills exist. These dogs are abused & kept in horrible conditions. Just put yourself in the dog's place and see if you would like it. "I THINK NOT" but you are a human it would be inhumane. What makes us any different than these animals? We ALL deserve to be treated properly & with the best care. I will NOT visit or purchase anything from Lancaster PA until conditions improve. I hope you think about these puppies 24/7 & I hope it haunts you. You have the power to fix it.

Mary
