

To Whom It may Concern,

I am writing to you regarding the new laws for puppy mills. I have read them over and think that we need to put these new laws into effect right away without delay. Dogs have suffered to long in these puppy mills and it is about time someone is doing something about it. Please do not delay and do not let these puppy mill owners try to defeat these new laws. The reputable Breeder will not mind the new laws because they most likely follow the rules already but the bad ones of course will complain and protest the new laws but they are the ones that need to be watched they should be shut down . Please pass these new laws immediatly dogs have suffered to long at the hands of bad breeders. I have lost two dogs at very young ages due to bad breeders and so have a lot of other people it is heart breaking to lose your beloved pet. I think it is a fitting tribute to anyone who has lost a pet at the hands of bad breeders, and to the dogs who have suffered and died in these places.

Sincerely

Lorraine Bruno
