INDEPENDENT REGULATORY  
REVIEW COMMISSION

March 7, 2007

Arthur Coccodrilli, Chairman  
Independent Regulatory Review Commission  
333 Market Street, 14<sup>th</sup> Floor  
Harrisburg, PA 17101

Dear Mr. Coccodrilli,

I am writing on behalf of all the puppy mills in Pennsylvania. I am in support of the new proposed regulations for providing more space, better protection from the elements, and more time outside of their cages. I also promote the teaching of breeders to "love" these special animals. We had purchased a golden retriever puppy from a breeder, and it was so sad to see the parent dogs in the cages, wanting love and attention so badly from us. This was due, in part, to the breeder only living in a trailer. Please, please help to change these regulations so that these animals have a much better quality of life.

Thank you for your time.

Helen Meyer
