Mary Bender  
Puppy Mills  
RE: 3.9.07

Dear Ms. Bender,  
Puppy mills are modern day slave breeding facilities. The dogs are a commodity and only useful as long as they can reproduce. Little, if any, care is given to them. Please, help shut these places of torment for these defenseless animals. If these mills cannot be closed, the very least that the state of Pennsylvania can do is ensure the quality of care the dogs receive in these facilities. Please do the right thing adopt the

Puppy Mill Regulations.
