Independent Regulatory Review Commission

Dear Mr. Coccodrilli:

I am writing this letter in support of the amendments to the Dog Law that will provide more humane treatment for dogs in kennel environments and to clean up the so-called "puppy mills" in Pennsylvania. The current regulations used to inspect commercial breeding operations in Pennsylvania need to be updated and strengthened because these dogs deserve more space, better protection from the elements and more exercise time outside their cages.

Thank you for your consideration.

Very truly yours,
