DO NOT FORGET

Dear Mary,
After reading the front page feature article in the Allentown newspaper, The Morning Call, I was appalled to learn of the terrible conditions in many of the kennels in our state.

These kennel owners are either acting out of ignorance, a greed for money, or just not caring about how they treat "man's best friend."

Please do what you can to enact some better standards/laws to improve this deplorable situation.

What else as a citizen of PA can I do to help

Thank you,
Patricia Shirkness
