INDEPENDENT REGULATORY  
REVIEW COMMISSION

Dear Mary Bender:

Actual dog breeders were not able to give input into these proposed regulations, but animal rights oriented individuals were invited to provide input. This means those with actual experience were unable to contribute valuable information into the decision making process.

Requiring burdensome record keeping by dog breeders will not improve the health and welfare of the dogs, but will add time consuming activities to kennel owners and dog breeders.

Please see that these proposed regulations are re-visited with the purpose of amending the unreasonable requirements and thereby improve the health and welfare of dogs in Pennsylvania.

Please add stakeholders to all future Dog Advisory Boards.

Sincerely,

Donald Green
