Dear Chairman of the Independent Regulatory Review Committee (IRRC):  
Arthur Coccodrilli,

As a fourth generation resident and active voter of this state I am applauded that we still allow the archaic and cruel process of Puppy Mills to continue. The Bible says we are responsible for all of God's creatures. Do you call this responsible ??? Abuse of a creature whose name backward spells God....who is more God like than anyone of any religious persuasion. They save lives everyday ...not only in rescue but reducing stress at the end of the day by simply loving you unconditionally and petting them. If there is Karma out there then anyone who ever abuses an animal will come back as that animal. **PLEASE STOP THIS TODAY !!!!**

1. The Dog Law regulations as applied to kennels should exempt all non-profit animal welfare and rescue organizations, especially non-kennel-based rescues and fosters. These life-saving groups are organized specifically to save and care for the dogs who are given up by their new families because of sickness and genetic disorders caused by bad breeding practices.

2. Representatives from non-profit animal welfare and rescue groups should be included on the Dog Law Advisory Board to better represent the interests of animals in forming these regulations.

Thank you for being part of this important change.
