To Whom It May Concern:

RE: New Puppy Mill Regulations

I am writing to voice my support on the new puppy mill regulations. I support any improvements to help better the lives of the poor suffering dogs in puppy mills. Once these steps are taken to improve the current conditions, I would like to see puppy mills eliminated forever. Puppy mills are cruel and unnecessary animal abuse that should be outlawed completely. There are too many unwanted dogs that are put down day in and day out and all the puppy mills do is encourage that! Please consider putting puppy mills out of business permanently!!!!!! Puppy mills promote a vicious cycle that needs to end now!

Respectfully,  
Lisa R.
