

Attn Mrs Bender,

I OPPOSE the NEW  
Rules Set forth!

I think it would jeopardize  
the health care + well being  
of the breeders animals  
I know breeders, + they  
are inspected "By a strict  
inspector" on a normal basis.  
You need to let the breeders  
and inspectors alone, for  
them both to continue the  
good work they already do.

Thanks for listening
