**Message:**  
Hello sir: My name is Bob Youngs; I live in Mechanicsburg, Pa. 17055. I have dogs and wonder why Jesse Smith is scheduling meetings mid week for the public to attend and raise comments if they choose. Mid week, mid day meetings like the one coming up in July are hard for working folks to get to listen and then, if appropriate, make comments. The Governors' proposed dog law rules are a mess, your group has recommended them being scrapped and yet Ms. Smith seems to be still pounding away with them..... some of us would like to attend the meetings to listen to the wisdom that is shared at these meetings. I just wanted to comment on the meetings being scheduled. Bob Youngs
