Dear Ms. Steffanic,

I have been reading the proposed regulation entitled "Continuing Education for Professional Nurses." While I fully agree with the necessity of nurses pursuing continuing education, I believe there should be specific guidelines added for school nurses. We must follow the mandates for teachers under Act 48. I feel that these continuing education requirements could also be used for the continuing education for professional nurses. I strongly urge specific wording clarifying continuing education guidelines for school nurses with specific reference to Act 48.

Sincerely,  
Susan Dailey  
School Nurse for Schuylkill Valley School District
