REVIEW COMMISSION

Dear Ms. Steffanic,

In regards to the proposed regulation for "Continuing Education for Professional Nurses" I feel that the cost set forward of \$75 for approval of 1 hour of continuing education is pricey. I also feel that the requirement for request for approval of continuing education activities to be submitted at least 120 days prior to the commencement of the activity is too long, educators will need to start planning these activities 6 months in advance which will affect providing activities that are current. I disagree with the separate application fee being required whenever a change is made to any information to an activity. I feel that change is something that occurs in nursing life everyday and this will ultimately increase the cost to the registered nurses.  
Regulation ID #16A-5130 (#2608)

Sincerely,

Jill Schaeffer, BSN
