RECEIVED

Dear Ms. Steffanic,

I am writing on behalf of PA school nurses in regard to continuing education for RNs.

As certified education specialists we are required to obtain continuing professional education under section 1205.2 of the act of March 10, 1949(p.1.30,No.14), known as the "public School Code of 1949," and under this act, shall be permitted to submit evidence of the completion of education courses approved for their certification by the school district.

I am requesting that language be included in the new regulations that specifically addresses the school nurse language in the law as written above.

Thank you for your attention to this matter.

Sincerely,

Karen Edwards CSN
Certified School Nurse
