Dear Mr. Coccodrilli,

In regards to the proposed regulation for "Continuing Education for Professional Nurses" I disagree with the cost set forward of \$75 for approval of 1 hour of continuing education and the separate application fee being required whenever a change is made to any information to an activity, Due to the high price and the fee I feel this will ultimately increase the cost of the Continuing Education to the registered nurses. I also disagree with the requirement for request for approval of continuing education activities to be submitted at least 120 days prior to the commencement of the activity. I feel this period is too long and the educators will need to start planning these activities 6 months in advance which will affect providing activities that are current.

Regulation ID #16A-5130 (#2608)

Sincerely,

Elaine Schaeffer, NHA
