Mr. Jim Buckheit,

7-22-07

I understand the demands that NCLB has placed on making individuals who work with students either highly qualified or to meet specific standards.

What I don't understand is why the State would does not recognize the amount of training and on-service para professionals staff receive now on a yearly basis.

This should be considered as meeting the requirements set within the latest draft of Chapter 14

Thank You
Susan Clark
