Dear Mr. Buckheit,

I support the language used with reference to Specific Learning Disabilities in Chpt 14 Regulations. One addition that would be useful would be that we ensure that a school psychologist is involved in the Response to Intervention Process. Our district has piloted the RTI model for one year and we are about to implement the program full force this year. A school psychologist would be a valuable addition to this team and the process.

Thank you,

Mrs. Marsha Fabian
