Dear Mr. Buckheit,

The 2 year post secondary requirement for employment as a para professional is premature as our districts and communities have a difficult time filling the positions we have now. While I believe it is an important goal, we need more time. Sincerely, Lorne Topolin
(New Hope, Pa. 18938) 1 Middle Rd.

Our national symbol, the Bald Eagle Protected by the Endangered Species Act, the majestic Bald Eagle has made a spectacular comeback from the brink of extinction.

Environmental Defense is one of the few national conservation organizations actively working to save the environment.

Please maintain the 60 school days for evaluation purposes. Sometimes it takes a long time to get pertinent records from previous schools/districts.

Thanks,
