SUPERVISOR  
REGISTRATION  
This letter is in reference to  
the rewriting of Chapter 14, Special Ed  
Regulations.

I have a 4 year degree in Special Ed  
and have been a paraprofessional for 10  
years after being a stay at home mom for  
19 years. 4 years... I feel I am certainly  
highly qualified!

Every day I work under excellent  
teachers. I do not teach... I am an aide.  
We supplement what the teachers teach.  
I have been in Bio classes, Math,  
Social Studies and other sciences  
at the High School level. I know the  
info being taught and keep ahead of  
the students. I am well respected in  
my field.

I understand we don't ~~need~~  
want to leave anyone behind but

~~I sincerely~~ feel that those  
with degrees and years of service  
should not have to be tested. Our  
track record should speak for  
itself!

Thanks for your time
