INDEPENDENT REGULATORY
REVIEW COMMISSION

I am writing to request that the Pa. State Special Education regulations under Personal (14.105 items 1,2,3,4.) be retained. As a parent I know that most teachers and paraprofessionals do not have a clue about the teaching techniques and/or how to address the behavioral issues of the mentally challenged child. In order for the child to reach his/her fullest potential the proper techniques MUST be used. The child needs that! The taxpayers deserve that. and the law (FAPE) demands that. If we just push those children through the public education system, we all lose.
Thank you for your consideration of my views.

Respectfully yours,
