Reading Risk Reduction

PO Box 1191* Reading, Pennsylvania 19603-1191* Telephone 610-823-9032* email

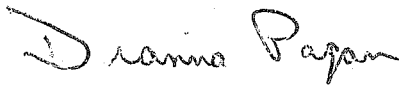

September 11, 2007

To: Pennsylvania State Board of Pharmacy,

I am writing today to let you know I support and commend your efforts and intent to end prescription requirement for syringes. I have been working in the HIV prevention field for more than twenty years, and know first hand how this action will help prevent and reduce the spread of disease in our city. Having been infected with HIV by a contaminated syringe twenty years ago, I can't thank you enough for this potential life-saving effort and action.

Thank you for your consideration.

Sincerely,

Dianna Pagan
Executive Director
