INDEPENDENT REGULATORY
REVIEW COMMISSION

To: Independent Regulatory Review Commission

I am writing as a past educator of the gifted and a parent of a gifted son who is successful in his life's endeavor, because as a student in Pennsylvania, he was able to be involved in a specialized gifted program in his public school years.

I am happy that your group will have the chance to review the proposed Chapter 16 regulations. I am confident you will approve these, as they will enable the gifted population to attain the confidence and get the personalized program that is both challenging and supportive of their needs.

Many people have worked many years to get this support for the educational and personal, as well as social needs of these students. Let's continue to work together to help every one of our Pennsylvania students achieve to their greatest potential with the support that Chapter 16 gives them. It is an on-going process, but that is exactly what growth is. Barbara Penrod, Parent and Retired Teacher of the Gifted
