Subject: Chapter 16 comments

Message:

As a teacher with thirty two years of experience, I have been educating gifted children in both the regular classroom and in a pull-out Gifted Support Program. My own educational experience consists of attaining two Masters Degrees and raising two very diverse gifted children of my own. I also attend the PAGE Conference annually and continue to be enrolled in related graduate classes. I have been closely following the needed revisions of Chapter 16 and find that they will not only lead us toward better compliance monitoring, but for many reasons are a very positive step for the gifted children of Pennsylvania. Realizing that the members of the PAGE Board have advocated long and hard for such revisions, along with members of the PDE, I give this regulation my complete support as an advocate for the gifted children of Pennsylvania.
