Dear Mr. Buckheit,

INDEPENDENT REGULATORY  
REVIEW COMMISSION

I am a concerned parent and would like to provide my comments. Although there is a scheduled meeting for the Board of Education on the 19 and 20<sup>th</sup> of September, there is no posted agenda. Will public comment be accepted regarding the proposed rulemaking for Chapter 16 at this Board of Education meeting? Will comments made at this meeting be forwarded to the IRRC? Will you please explain the formatting of the document that has been presented in the PA bulletin (<http://www.pabulletin.com/secure/data/vol37/37-36/1654.html>)? For example, can you confirm that if a paragraph is not listed that it remains unchanged? What do the brackets represent? What does the boldface type represent? I will be sharing your response to this email with other parents who are also interested in making comment and may be as unfamiliar with the formality of this process as I am.

Sincerely,

Melissa Regnell
