Att. Mr. Coccodrilli,

I am highly in favor of the proposed Regulation 16A-4816, not to have unlicensed funeral directors or any unlicensed employee of a funeral home to sell at-need or preneed Funeral arrangements. Casket sales over the internet is bad enough.

As a licensed Funeral Director myself, I worked to hard and had too much education. Please tell Mr Heffner and his Atty. that my fellow funeral directors & I want to practice law with no pertinent education.

Yours truly

Katherine Grontkowski Malig, owner/Sup.
