INDEPENDENT REGULATORY
REVIEW COMMISSION

Dear Mr. Coccodrilli,

As a funeral director for over 35 years in the profession in Pa, I support regulation 16A-4816 which does not allow unlicensed employees to sell pre-need arrangements. This would deregulate the financing of funerals and make my license obsolete. The country is in a real mess based on the deregulation of the banking business. How many years is it going to resolve these issues? AARP even supports regulation 4816 and many other studies have been done and they all come back with the same answer. Have a licensed professional make arrangements and not uneducated persons. In order to maintain this profession and help safeguard funerals of the future I say support 16A-4816. Thank you for your consideration in this matter.

Sincerely,

Guido Santella, FD
