Subject: Joseph Gallagher, D.O.

Good Morning,
I wanted to write the board regarding the regulations proposed for prescriptive authority with PAs and D.O.s in the state. As an Osteopathic Physician, I feel it is imperative that the PAs that work under us should have the same prescription rules that they have as our MD counterparts. I find it very inefficient to have to fill out scripts in a busy emergency department for commonly prescribed drugs.

Please let me know you have received this and forward on to Dr. Gallagher and associates on the board.

Have a great day.

Steven K. Costalas, D.O., F.A.A.E.M.
Lankenau Hospital, Dept. of Emergency Medicine.
