Dear Dr. Fasano:

My name is Jess Teders & I am a first year PA student. I am writing this to support the proposed osteopathic prescribing regulations for physician assistants to prescribe under DOs. PAs have been prescribing ~~for~~ under MDs for years in a safe & effective manner. I feel that DOs will be more marketable to hospitals & practices if this regulation would be passed. This will also facilitate access to health care because PAs who are currently supervised by DO's will be able to practice to the fullest extent of their training. It is imperative for this to be passed in order to progress healthcare.
