Charles P. Fasano, D.O.  
Chairman, Osteopathic Board of Medicine  
P.O. Box 2649

Dear Dr. Fasano:

I am a first year student at PCOM and am concerned about the current regulations that do not allow Physicians' Assistants to prescribe medications under the supervision of Osteopathic Physicians. This is an unfounded rule that unfairly restricts health care professionals with equivalent medical training from practicing to their full capacity.

I strongly support the proposed regulation changes as they have been outlined and hope that in the future the restrictions of DO physicians will be justfully discarded.
