Dear Dr. Fasano:

I am a D.O. student in this class of 2011.
I fully support regulations allowing DOs to
delegate prescribing to PAs. These regulations will
improve access to care for my future patients.
These regulations will improve job availability for DOs
in hospitals using PAs and improve overall quality
of care. I plan on becoming a surgeon at a small
hospital in Scranton. It would be impossible to create
a balanced care setting without PAs working to the full
extent of their training. Thank you very much for your time.
