Dear Dr. Fasano:

I am a current PA student in the class of 2008.
I am in full support of the osteopathic prescribing regulations
for physician assistants. Our profession has been prescribing
under the supervision of allopathic physicians for years.
I will be graduating next July + unless I am given prescribing
rights under a DO, I will either leave the state of
Pennsylvania to seek employment or if I choose to
stay here will definitely work for a MD.
Osteopathic physicians should be given the same
opportunity as MDs regarding delegating prescription
rights

Sincerely,
