Chairman, Osteopathic Board of Medicine  
P.O. Box 2649

Dear Dr. Fasano:

It is incumbent upon those of us in the osteopathic profession to act quickly in order to afford physician's assistants equal practice rights to those practicing under allopathic medical physicians. It is altogether unreasonable that physicians assistants cannot prescribe under osteopathic physicians.

During the history of the osteopathic medical community, we struggled to achieve equal practice rights to our allopathic counterparts. With this in mind, I firmly believe that we must open this closed door for physicians assistants by lobbying for legislative change.
