Dear Dr. Fasano:

I am a student at Philadelphia College of Osteopathic
Medicine in the PA program and want to express my support
of the new regulations to allow DO's to delegate prescribing
right to PA's.

I believe that if this does pass the law should
be worded exactly the same as it is for allopathic
regulations to avoid any clinical confusion. For
year PA's & MD's have been prescribing safely under
supervision; it only makes sense to have DO
& PA's have the same rules & regulations
