Dear Dr. Fasano:

I am currently a Physician Assistant student at Philadelphia College of Osteopathic Medicine. I am a firm supporter of the proposed osteopathic prescribing regulations for Physician Assistants. PA's have been safely prescribing under Allopathic Doctors for many years. Osteopathic Doctors should be given the same ability to delegate prescriptive authority to PA's. With that said, these regulations for prescribing should be worded exactly the same as the Allopathic regulations to avoid confusion. Thank you for your time.
