Dear Dr. Fasano:

I am currently a 2nd year PA student here at PCOM. I strongly support the regulations allowing DO's to delegate prescribing to PA's. I believe as a PA student that we have shown many MDs how reliable and knowledgeable we are in prescribing medications. It is as equally important that the DO's understand our profession and see that we are capable of prescribing medications to our patients in a safe manner. We are all here together to help someone's health needs.
