Dear Dr. Fasano:

I am currently a student at PCOM in the PA program. As a soon to be certified PA, I feel that it is integral that PAs be able to prescribe under DO's. Currently, PAs can prescribe under MD's, ~~and~~ improves the care of patients and makes the PA a more autonomous clinician.

I feel that PAs are educated in pharmacology and able to make good decisions on prescribing to patients. I support PAs prescribing under DO's.  
Thank you.
