Dear Dr. Fasano,

I am writing to you to express my support to allow physician assistants prescriptive privileges under the osteopathic board of medicine. I have been working with a PA in our practice who is able to write under her allopathic physician's supervision. I have been associated with Maryann Kelly for the past seven years and I have witnessed first hand how cautious she is and how responsible she is for the safety of the patients she encounters. I feel we should extend this privilege to the physician assistants practicing under our supervision.

Thank you for taking the time to consider this.

Best regards,

Nancy H. Brown, DO
